

ANOOP KUMAR

Full Stack Engineer | AI Product Builder

devportfolio-sepia-psi.vercel.app | 7307412431 | anup17508@gmail.com | Kanpur

PROFESSIONAL SUMMARY

Full Stack Engineer with 1+ years of experience building AI-powered products, browser extensions, automation systems, and scalable web applications. Experienced in designing, developing, and deploying production-ready software using React, Next.js, Node.js, TypeScript, MongoDB, Firebase, and cloud technologies.

TECHNICAL SKILLS

Languages : JavaScript, Java, TypeScript, Python, SQL

Frontend : React.js, Next.js, Tailwind CSS, HTML5, CSS3

Backend : Node.js, Express.js, REST APIs, Authentication, API Integrations

Databases : MongoDB, MySQL, Firebase Firestore, Postman

Cloud & Devops : Docker, AWS S3, Git, GitHub, Vercel, Netlify

AI & Automation : OpenAI APIs, Claude APIs, n8n, Workflow Automation, Web Scraping, AI Integrations

EXPERIENCE

Full Stack Developer | Wyvate

Nov 2023 - Dec 2024

- Reduced application load time from 8 seconds to 4 seconds through frontend optimization and backend performance improvements.
- Implemented load balancing strategies to improve platform reliability and support increased concurrent user traffic.
- Developed and maintained production web applications using React, Node.js, and MongoDB.
- Optimized API performance and database operations to improve scalability and responsiveness.

PRODUCTS & PLATFORMS

TokenPulse - AI Token Analytics Extension

- Built and launched a Chrome Web Store extension that tracks GPT and Claude token consumption in real time without requiring user API keys.
- Developed token monitoring systems, session analytics dashboards, and usage visualizations.
- Achieved 100+ installations during the initial launch phase.

Velra - AI Design Intelligence Platform

- Built Velra, an AI-powered skin analysis app (React Native/Expo, Node.js/Express, Supabase) integrating Gemini Vision API with a multi-model fallback chain; implemented OAuth authentication, RLS-secured storage, and rate-limiting for production security hardening

AI Dev Newsletter

- Built an automated newsletter platform aggregating AI, software engineering, and startup developments
- Grew the newsletter to 200+ subscribers through automated content delivery workflows.

Global Socks Intelligence Platform

- Developed a stock intelligence platform capable of analyzing global equities through automated market-data pipelines.

EDUCATION AND CERTIFICATIONS

- Master of Computer Applications (AI/ML) - Chandigarh University(2025-2027)
- Bachelor of Computer Applications - CSJMU, Uttar Pradesh (2021-2024)
- Oracle Generative AI Certification - Oracle University
